Experts solutions to offer busy clients

ABOUT US

Hitech General Trading LLC is a leading global supplier of industrial equipment and materials, headquartered in Dubai, with branch offices and agents in many countries, including sub- ethnics in Iraq

Why we are the best?

For many years, our company as an expanding engineering technical and trading company has been championing quality, reliability and flexibility and has earned an industry wide reputation for excellence with the aim of providing the most reliable, cost-effective and accurate business related solutions.

OUR PRODUCTS

Hitech stands out as a top company in supplying equipment for the cement industry, including machinery for quarrying limestone and other rocks. We also offer transformation equipment for loading & unloading, transportation as well as all equipment related to cement factory

CEMENT INDUSTRY EQUIPMENT

Hitech General Trading Company is a leading company in supplying equipment for the cement industry, including machines used in the extraction of limestone and other rocks. We also provide transportation equipment for loading and unloading stations, grinding and screening equipment with rotary kilns of various types with cement mills and their spare parts as well as dust removal systems with the supply of cement filling systems with packing and packaging materials.

Cement Clinker Milling Plant

QUARRYING EQUIPMENT

This encompasses a variety of equipment, such as crushers, conveyors, stackers, reclaimers, and other specialized machinery essential for extracting, processing, and transporting raw materials in the cement manufacturing process. Hitech provides complete solutions for quarry operations, including installation, maintenance, and training services to guarantee peak performance and efficiency. With an emphasis on innovation and excellence, Hitech is a reliable ally for cement companies seeking to enhance their quarry operations and increase productivity.

Jaw crusher

Hammer Mill

Cement Screw Conveyor

Ball Mill

UNDERGROUND MINING EQUIPMENT

Our company specializes in supplying underground mining equipment for industrial use through Hitech General Trading. Our range includes continuous miners, jumbo drills, longwall miners, and roof bolters.

Countinous Miners

Jumbo Drills

Longwall Mining Machine

Roof Bolters

MINING EQUIPMENT

Hitech offers a comprehensive selection of mining equipment, such as mining trucks, blast hole drills, bulldozers, drag line excavators, and high wall miners. All of these products are provided with top-notch quality.

Mining Trucks

Blasthole Drill

Bulldozer

Dragline Excavator

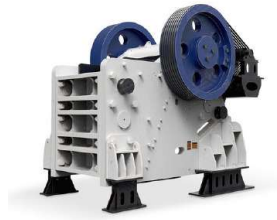

Highwall Miner

MILLING EQUIPMENT

Hitech is a leading manufacturer in the industry, known for high-quality and reliable milling machinery. Our products are designed to meet the needs of various industry .

Hammer Mill

Jaw Crusher

Ball Mill

SCREENING & CRUSHING EQUIPMENT

Hitech is an industry leader known for its high quality and reliable crushing and screening machines. Our products are designed to meet the needs of various industries. This equipment prepares raw materials for feeding into rotary kilns.

Phosphate Rock Screening

Crusher

Screening system

Screening Equipment

DEDUSTING & FILTRATION UNIT

We also offer custom-designed dust removal solutions to meet the specific needs of our clients' industrial operations. Our dry dust removal systems are designed to effectively capture and remove dust particles from the air, improving air quality and creating a safer work environment. Our beam filters are highly efficient at capturing and removing dust from industrial processes, while our dust removal vibrators are designed to effectively shake and dislodge dust particles from surfaces for easy removal.

Dry Dedusting System

Beam Filter

Sludge Skimmer

Dedusting System

Dedusting Vibrator

KILN

Hitech offers kiln feeder specially designed for cement industry. Our range includes kiln feeder, rotary kiln, feed hopper, various kiln parts including alumina and magnesia fire bricks etc. along with supply of burners and then operating system to meet the specific needs of our customers in cement industry.

Rotary kiln

Feeder for Dry Kiln

Feed Hopper

LINING MATERIAL

Hitech's brick lining services are essential for industries that deal with corrosive chemicals, high temperatures, and abrasive materials. By using materials such as alumina, magnesium, anti-acid, and anti-corrosive bricks, Hitech ensures that equipment and structures are protected and can withstand the harsh conditions of chemical processes.

Magnesite Bricks

Low Alumina Brick

Medium Alumina Brick

High Alumina Brick

Anti Acid Brick

Anti Corrosive Brick

Magnesia Carbon brick

Silica bricks

CEMENT TRANSPORT EQUIPMENT

Hitech's selection of heavy equipment for transporting cement includes various options such as cement mixers, cement trucks, cement pumps, and cement silos. These machines are designed to efficiently and safely transport cement from one location to another, whether it be on a construction site, in a manufacturing plant, or at a cement production facility. With Hitech's reliable and durable equipment, customers can trust that their cement transportation needs will be met with precision and effectiveness.

CEMENT

Hitech offers a wide range of cement products tailored to meet the specific needs of the construction sector. From general purpose cement for everyday construction projects to specialized products for high-strength applications, Hitech has a solution for every project requirement. Our cement products are manufactured using state-of-the-art technology and adhere to strict quality standards to ensure durability, strength, and reliability in every construction project. Whether it's for residential, commercial, or industrial construction, Hitech's cement products are trusted by builders, contractors, and developers for their superior performance and quality.
